Advantages

- Practical. Hides pipes, electrical wires and support columns;
- Reversible*. Provides two completely different looks, with or without borders;
* The ÖTHENTIK finish isn't reversible
- Simple. Fast and easy to install thanks to a slot system that reinforces the beam and facilitates installation;
- Diverse. Coffered ceilings, architectural details, column covers, a single product for multiple possibilities;
- Economical. Much cheaper than a drywall drop ceiling;
- Genuine. Top-quality real wood, with no contaminants;
- Home-grown. Manufactured in Québec with wood purchased locally.
